INSTRUCTIONS TO BIDDERS.

Coins and medals are sold so much per piece, U. S. proof sets excepted. You cannot bid for one piece in a lot. If a lot contains ten pieces, and you desire to offer \$2 for it, make your bid 20c. The auctioneer will accept an advance of 1 cent up to 50c., then 5c. up to \$2.50, when 10c. is the limit, up to \$10, and thereafter not less than 25c. Hence any bid up to 50c. can be entertained, but after that the bid must be 55c., 60c., and so on. Such offers as 53c., \$1.01, and all intermediate figures are unavailable. For lots containing 50 pieces and upwards, an increase of $\frac{1}{2}$ cent can be bid for each piece, and for lots of 100 or more, $\frac{1}{4}$ c. "rise;" no smaller fraction will be considered.

NOTE.

At the moment of closing the press to complete this Catalogue, I have learned of another Medal like Lot 277, differing only in that it is inscribed to Mew-Hu-She-Kaw, and that the two Medals were accepted from Indian traders for \$100, in trade, by Messrs. Taylor Bros. of St. Louis, Mo., early in the fifties, and this latter specimen is still in the hands of that family. I do not think it an unreasonable hypothesis to assume that these two names may be those of American Indians, to whom France was in some way indebted for military services.
